To,

All Collectors and Chairperson DLC,
Mo School, Odisha

Subject: Monitoring of Mo School activities by Block Development Officers and Public Disclosure of Mo School Projects.

Madam/ Sir,

In inviting a reference to the subject cited above, I am to say that more than 31000 schools in the state have received matching grant for implementing different projects amounting Rs.180cr in the recent years. These school level projects need supervision and guidance from different field functionaries including PR institutions. A good number of assets have been created in most of the project schools, during the financial year 2018-19, 2019-20, 2020-21. It has been observed that these assets are not being transferred to respective authorities and needs to be enlisted as part of the school assets following due procedures. Recently State Govt. has lunched two programmes School Adoption Programme (SAP) and High School Transformation Programme under Mo School, which also involves a large-scale reshaping and revamping of the school infrastructure.

In view of the above you are requested to instruct the BDOs to get involved in Mo School activities and extend their guidance and supervision in its implementation. All Head Teachers may also be instructed to maintain a proper asset register along with inventory, stickering or labelling of each assets (showing the year of procurement), information board (Transparency Board) indicating year wise fund received and expenditure in each item under Mo School Programme.

Yours Faithfully,

Principal Secretary, School & Mass Education Dept. &
Vice-Chairperson, Mo School Abhiyan Parichalana Sangathan
